Definitely the Best Everbearing Strawberry of the Century

By actual tests proven superior on all counts. Preferred by an overwhelming majority.

20th Century starts fruiting 60 days after planting, continuing to produce steadily from week to week, month to month, until the snow flies. Enjoy fresh Strawberries all season. Have berries for market when no other berries are ripening. Extend your picking season over the entire season.

20th Century Strawberries have a wholesome honey-sweet flavor everyone will enjoy. Unexcelled for eating out of the hand. The same honey-sweet flavor is retained during freezing. A perfect canning berry. A superior berry for jelly or jam. We can honestly say, we have NEVER tasted a sweeter everbearer. Imagine shortcake made from these delicacies on chilly fall days.

*Twentieth
Century*

We guarantee 20th Century to be the finest All-Around Everbearing Strawberry grown—for Size, Flavor, Color and Productivity. If you can prove, by actual test, under same conditions, that you can produce a better berry, we will cheerfully refund your money.

20th Century berries are Big—Round—Lustrous Red—A berry that has eye appeal. Unbelievably large berries, not for just the first picking but throughout the entire season. Firm textured berries make them excellent shippers. Berries are uniform in size and have a rich red coloring from the heart out—no green tips so characteristic of practically all other everbearing Strawberries.

20th Century gives top production. A record kept of 20th Century planting, picked every four days from July to November, produced an average of 24,360 pints per acre; another plot of 1/30 acre or 480 plants produced 760 pints to November 1, or an average of 22,800 pints per acre, selling at 25c a pint would bring \$5700.00 an acre. These berries were not planted on any one type soil, but a range from clay loam to light sandy soil. You are always assured of a good fruiting row with 20th Century.

20th Century is the result of carefully planned scientific crossing of Rockhill (Wayzata) and Supreme. It has the quality of Rockhill, but many times more productive plus all the good features of Supreme.

20th Century made its first appearance on the western coast and has attracted such marked attention because of its size, firmness, color, productivity and uniform ripening qualities, there is no question but that its culture will spread rapidly throughout the Midwest and East. You get your money's worth when you buy 20th Century—it is the pride and joy of the home gardener—a money-maker for the commercial grower. Don't delay! Order today!

20th Century Is Not an Experiment—It is a Proven Success.

20th Century A Delight to the Home Gardener. A constant supply of fresh Strawberries throughout the entire season.

Markets Are Eager for 20th Century. Willing to pay top prices over other varieties—always a sell out. As long as there is a market there is a demand for 20th Century.

FINEST in Nursery Needs
at MODEST PRICES

YOU Benefit By These Advantages!

- **PACKING HOUSE WITH REFRIGERATION** is your assurance of plants arriving in A-1 condition as all of our nursery stock is fresh dug—precooled in our spacious cooler—then shipped direct to you.
- **UP-TO-THE-MINUTE FARM EQUIPMENT** assures you of getting only the finest fully matured plants, as our modern farm equipment enables us to get our nursery stock in the soil in proper planting season, giving it a lengthy growing season, in which to mature fully.
- **WITH OUR LARGE SCALE IRRIGATION SYSTEM** we are (even in drought seasons), always able to produce healthy, extra heavy rooted, quality stock for you.
- **CROP ROTATION.** Healthy, sturdy, northern grown nursery stock is the result of our years ahead plan with definite crop rotation, and in conjunction with this we maintain a large herd of steers to produce the highest fertility, which in turn goes directly into the plants you receive from the Westhauser Nurseries.
- **HARDY NORTHERN CLIMATE.** Our northern climate in the great Michigan Fruit Belt is ideal for growing thrifty, hardy nursery stock, being located so near Lake Michigan, which puts a damper on our winters, making the climate such that our nursery stock is practically dormant until late in spring. Bear in mind, Mr. Fruit Grower, plants that are dormant so late in the season have little foliage and carry well in transit, that is one of the reasons why our plants can be shipped long distances with the best of results.
- **GET THE BEST AT NO EXTRA COST.** In spite of rising prices, with the modern facilities mentioned above, we are able to keep our costs at a bare minimum. We pass this savings on to you.

How to Order

WHEN TO ORDER. Now, upon receipt of this catalog, or as soon thereafter as possible, so we can reserve the stock you wish. Orders are booked in the rotation they are received, and we ship as near date requested as possible, according to weather conditions. Shipping begins usually early in March to latter part of May, and first of October to latter part of December.

HOW TO ORDER. An Order Blank is provided herewith for your convenience. Fill out clearly and be sure to print or write your name and address plainly, thus avoiding errors and delay. Remit by cash, money order or check. If cash is remitted be sure to register letter.

PAYMENT AND TERMS. Cash with order, or if your order amounts to \$5.00 or more we will book same with 25% down payment, and balance 10 days before you wish your stock shipped.

DISCOUNT. Orders received before February 1st, excepting those marked net, no discount, with full cash enclosed, are subject to 10% discount. Either deduct this amount from your remittance or select extra nursery stock for the amount. (We assume no obligation to refund, if you fail to deduct it.)

All prices are F.O.B. Sawyer unless otherwise stated in catalog.

WESTHAUSER'S BROAD GUARANTEE: We guarantee our nursery stock to be first class in every respect, free from disease, freshly dug, true to name, and to leave our packing house in good growing condition. We will, at our option, either replace free of charge or refund your money on any shipment which arrives in bad condition, providing claim is made within five days after arrival of shipment, with a signed statement from your express agent or postmaster, showing the extent of damage. It is mutually agreed between customer and ourselves that we cannot be held liable for any amount greater than the original purchase price. Our stock is carefully handled and full of vitality and under ordinary conditions should grow for you. Report any error on our part immediately upon receipt of shipment. We will not entertain any claims entered after July 1st.

Streamliner

Westhäuser's IMPROVED Everbearing Strawberries

STREAMLINER

LARGE AS SMALL APPLES
DELICIOUS-HONEY SWEET
SUCCEEDS ANYWHERE

- ★ Super Sized Berries
- ★ Delicious Sweet Flavor

- ★ Succeeds Everywhere
- ★ Three Crops in 18 Months

A Speed King Special in sales. This outstanding everbearer has all the good points. It is large, uniform, firm, red to the core with even coloring all over, no green tips—even the fragrance is enticing. Plant in April or May—have luscious fresh Strawberries in July or August—continuous yield until snow flies, as well as a full crop the following year. The Streamliner Everbearing Strawberry is very hardy, stands 30 degrees below zero weather, is adapted to a wide

range of soil from clay to sandy loam. The plants are large and extra heavy rooted—an excellent plant maker. The berries are firm, hold their shape and color when shipped long distances, demanding top prices.

Planting Instructions

Make V-shaped openings with your spade, large enough to receive roots without crowding, spread roots out fan shape, set plant with crown at surface of earth, do not cover the crown with earth. Press earth against roots by placing foot on either side of plant. Pull some loose soil around the plant. Remove all bruised or dry leaves. Space 15 to 18 inches apart in row, rows 3½ feet apart. Remove blossoms on springbearers first year, on the everbearers remove blossoms up to July 1st, then allow them to bloom and produce fruit.

BRUNE'S MARVEL

A Berry All Can Eat

- Non-Acid
- Everbearing
- Thrifty Plant Maker
- Unusually Sweet,
Requires No Sugar

Can be eaten by those who are affected with rash caused by acid of other Strawberries. The glittering red berries are almost seedless. **PRICES:** 25 for \$2.25; 50 for \$3.50; 100 for \$6.00; 250 for \$10.50; 500 for \$18.50.

Everbearing STRAWBERRIES

Superfection

We can't begin to tell you all the fine qualities of Superfection. The large, round berries are bright red all the way through. The tempting, sweet, mellow flavor is delicious fresh, canned or in jams and jellies. You will want to put some in your deep freeze for that extra special treat this winter. Fruit is firm. Plants are sturdy. Heavy producer. Free plant maker. Plant Superfection for perfect satisfaction. Prices below.

MINNESOTA 1166

A comparatively new everbearer that is rapidly replacing older varieties. Proven by test to be hardy, sturdy and fruitful even under adverse conditions. Berries have a good flavor, bear 60 to 90 days after planting, continuing until snow flies, followed by a fine crop the following year. The giant conical shaped berries are very showy, bright red to the heart. Fine for home use. Firm excellent shippers. Bring top prices. Makes heavy fruiting row. Being such a good plant maker, we suggest you space it a little farther apart than the ordinary everbearer, say about 18 to 24 inches. Prices above.

*Order Activated Plants
and be SURE!*

Everbearing GEM

**Tops in Flavor, Appearance,
Production, Hardiness**

Still a great favorite after being with us for over 12 years. Commercial growers praise Gem for its unusually good crop in spring and its bountiful production in fall when Strawberries are in the luxury class. The flavor is sweet like the Progressive variety—so little sugar needed to bring out the rich sweet flavor. Fruit is very large and uniform, holding its size even in dry weather. The fine textured, glossy, scarlet-red berries are most attractive; stand long distance shipping well as they are extremely firm. If you are in the market for an outstanding, firm, fancy everbearer try GEM this year. Plants are very hardy, not subject to leaf blight, and for an everbearer it is a heavy plant maker, produces a larger fruiting row than any other everbearer we know. Three big crops in 18 months. Double your crop—**increase your profit.** Plant our heavy fruiting strain. Prices at left.

SURPLUS STRAWBERRIES

During our digging season every spring, at the end of each day, there are a few plants of all varieties left—these are classed as surplus plants. We are offering them at a great saving. All plants are first class, fresh dug and will bear you a fine crop. However, none are labeled—they are mixed varieties—sold in lots of not less than 250.

Surplus

Everbearer Surplus 250 for \$5.00; 500 for \$9.00; 1000 for \$16.00
Springbearer Surplus 250 for \$3.25; 500 for \$6.00; 1000 for \$11.50

Top VARIETIES OF

ROBINSON

Giant size—it's sensational—glossy scarlet-red to the heart. Juicy with a sweet mild flavor.

It's a buyer's delight. Premium prices are paid for this fancy berry. Include Robinson in your planting. Reap big cash returns.

A firm berry—excellent shipper—large crops ripening early—lasting over a long period.

No doubt the fanciest and most attractive berry ever introduced. No spring berry has surpassed Robinson Strawberry for canning—preserving—fresh frozen.

Thrifty plant maker. Robinson places its runners profusely and make ideal picking row. Foliage beautiful light green color.

PRICES: 25 for 95c; 50 for \$1.55; 100 for \$2.60; 250 for \$5.40; 500 for \$7.50; 1000 for \$14.00.

SPARKLE

Outstanding midseason Strawberry! Ripens about 10 days after Premier. Truly a beauty. Its glossy, rich red coat fairly sparkles. Berries are fine quality, round, medium large, firm, solid red color, excellent fresh or canned—splendid for freezing. Vigorous, healthy plant growth; good plant maker; good market berry. Immune to red stele. Productiveness ranks with Premier and Catskill at their best. Few varieties can claim so many fine characteristics. Introduced by the New Jersey Experiment Station; does well anywhere. **PRICES:** 25 for \$1.20; 50 for \$1.90; 100 for \$3.00; 250 for \$6.25; 500 for \$9.50; 1000 for \$17.50. Additional 5% discount for 2000 or more.

STRAWBERRIES

TEMPLE STRAWBERRY

A splendid new variety, with a host of good qualities. One of the first to ripen, hence **early cash profits**. Not choosy about the soil, grows on practically any type, even does well on moist, poorly drained soil, and is equally successful on higher upland soils. Home gardeners will welcome this fine, easy to grow variety. Excellent fresh or canned. Put some in the deep freeze for that quick dessert with a taste appeal. Temple is definitely a good commercial berry. Ranks among the first in productiveness. Solid enough for long distance shipping. The attractive appearance of this medium to large, early, bright red berry **brings top prices**. Unlike many fine producers it is not lacking in flavor; in fact, it is tops in flavor and quality. Exceptionally vigorous grower, frost resistant, makes plants freely, suggest you space it 18 to 24 inches apart in the row. **Don't wait—order now.** 25 for \$1.25; 50 for \$2.00; 100 for \$3.00; 250 for \$6.50; 500 for \$10.00; 1000 for \$18.00; 2000 for \$34.00.

ENJOY *Your Own* FRESH STRAWBERRIES

WHEN YOU WANT THEM

CATSKILL

The nation's No. 1 midseason berry. Plants vigorous, healthy and very productive. Often outbears Premier. Not only is the yield greater than most leading varieties, but it produces a larger quantity of big berries. These solid, light red berries with fresh green caps are most attractive and very showy in the packages. Excellent shipper. Good flavor. Sells well. **PRICES:** 25 for \$1.25; 50 for \$2.00; 100 for \$3.00; 250 for \$6.50; 500 for \$10.00; 1000 for \$18.00; 2000 for \$34.00.

FAIRLAND

Fairland (USDA 3205), recently released for introduction by U. S. Dept. of Agriculture, is outstanding in so many fine respects, its paramount feature being **disease resistance**. Healthy, vigorous grower. Heavy dark green foliage protects the flowers borne on short stalks, making it **frost resistant, too**. Equals Premier in productiveness. Medium to large, bright red berries have a glossy finish. Ripens uniformly a few days earlier than Premier, and somewhat firmer. Flavor slightly tart. One of the finest for fresh freezing. **PRICES:** 25 for \$1.25; 50 for \$2.00; 100 for \$3.00; 250 for \$6.50; 500 for \$10.00; 1000 for \$18.00; 2000 for \$34.00.

Outstanding Varieties

FLUXAMA

Was originated in the Orient. It is the largest Strawberry ever grown. Some berries measure 7 inches around, and weigh up to 2 ounces. These large, sweet, delicious berries are excellent for home use and nearby markets as they are almost too large for long distance shipping. Makes a beautiful plant and picking row. Very productive. Ripens midseason to late and holds its size well until the end. See blue block page 9 for prices.

GREAT MASTER

Prolong your fruiting season with Great Master. Get top prices for these fancy berries when others are gone. After watching this berry and putting it to the most rigid tests, we were amazed to find Great Master, a seedling discovered fruiting years ago, has really exceeded our fondest hopes. It has a superb flavor of its own, outbears other spring berries two to one. The plants are large and thrifty, making many runners, but spacing their plants far enough apart to insure large size berries. They ripen about 3 weeks after Premier, and mature every berry to full size. Plant GREAT MASTER now and be the first in your locality to grow this outstanding wonder berry. See blue block page 9 for prices.

DUNLAP

The old favorite. Dependable midseason to late, berries medium to large, conical and often slightly necked, dark crimson, with deep red flesh; quality very good. The plants are healthy and vigorous, very productive, grows on all types of soil and in extremely cold climates. One of the best canning varieties. It can be shipped to far distant markets. Holds up for a long time after picking. Comes into bearing a few days after Premier. See blue block page 9 for prices.

**You Are Assured of BETTER
PLANTS When You Buy
Direct from the Grower**

Westhauser's Springbearers

PREMIER

A favorite from coast to coast for over 20 years. It is the all-purpose Strawberry. One of the earliest to ripen. This alone makes it a prize money-maker. The berries are large, beautiful red, very firm, fine texture and flavor. Hold their size to the last of the season. Excellent for freezing, canning, eating fresh, also local and long distance hauling. Big yields. Sturdy, long-rooted plants, drought resistant. Makes a good fruiting row on any kind of soil. In some of the commercial Strawberry growing sections it is grown exclusively and deserves all its popularity. Home gardeners like it, too. Get started right—buy Westhauser's **Activated Plants**. Big savings on quantity lots. See blue block below for prices.

LATE GIANT

Prolong the Strawberry season with Late Giant. This variety blossoms when others are bearing fruit, thus producing fruit very late in the season. The dark red berries are very sweet, giant in size—hold up well for market. Plants are **very hardy, vigorous and productive**. Add Late Giant to your Strawberry field and enjoy fresh berries twice as long. See blue block below for prices.

GRAND CHAMPION

All its name implies. Truly a "Champ." Bears over 40 days. Rich color. No finer quality at any price. **It's an exclusive Westhauser introduction**—well deserving of its ever-increasing popularity. The extra large, bright, rich red berries are unusually attractive. Really in a class by themselves for flavor, fresh or preserved. They retain their shape and flavor in the can. They are coreless. Put some in your deep freeze so you can enjoy their delightful goodness long after the season is past. Crop failure on account of frost practically impossible, as the tall mass of foliage protects the blossoms from late freezes. **Heavy producer**. During harvesting we picked over 1920 quarts from one-seventh of an acre—the equivalent of 13,400 quarts per acre. Try some. You will be amazed at this wonderful berry. See blue block below for prices.

GRAPES

For A Sure Crop

Seedless Concord

After years of experimentation and cross-breeding, a perfectly hardy, seedless Grape has been developed. The first of a new race of Grapes that should eventually replace the common large seeded varieties for table use. It is the Concord type, but slightly smaller, blue-black in color and possesses the same fine flavor found in the Concord Grape. **PRICES:** \$1.25 each; 3 for \$3.00.

Seneca - Skinless

Just a nice tender munch and a sweet, juicy crunch; no skins to worry about—that's Seneca Skinless Grape. It is the newest of the hardy California-type Grapes, and has this important quality of edible skin. Flavor, sweet, melting, delicious; vine vigorous and productive; bunches well filled and attractive. **PRICES:** \$1.25 each; 3 for \$3.00.

Quick-Fruiting

\$4.59 Net, No Discount

NIAGARA (White)

The leading commercial White Grape. The compact bunches of large, fine flavored, juicy berries are in big demand for table and wine. Very productive and hardy. Ripens about the same time as Concord. (Prices below.)

CONCORD—The Reliable

Most popular Grape for eating, table use, wines, jams, jellies and commercial. Grows on all kinds of soil, and produces larger crops. The bunches are large, compact and well-shaped; berries are dark blue and very juicy. Plants are exceptionally hardy. Fruits in October. Here in the heart of the Fruit Belt thousands of truck loads are shipped annually. Order now. Stock is short. (Prices below.)

FREDONIA—A Leader

This new variety threatens to displace all other black Grapes. A new, very early Grape, originated and thoroughly tested by the New York Experiment Station. The clusters and berries are large, with excellent flavor. Ripens fully 10 days before Moore's Early. Excellent shipper, does not crack. This Grape fills a long-felt need—a juicy, delicious black Grape that ripens early. Vine vigorous and productive. One of the best new varieties. (Prices below.)

PRICES FOR CONCORD, NIAGARA, and FREDONIA

	3	6	12	25	50	100	250	1000
1-yr.	\$0.75	\$1.35	\$2.15	\$3.25	\$5.25	\$9.00	\$21.00	\$75.00

ASPARAGUS

PACKED WITH • Vitamins and
• Minerals

First green vegetable of the season. Vitamin-rich, nutritious, delicious Mary Washington Asparagus is the leading variety for home and market. It is rust-resistant, producing crisp, green, compact stalks, often measuring up to an inch in diameter. **First cash crop in spring.** Fancy stalks for the stores and market. The No. 2 grade for canning factories. Fresh frozen food companies have created a large demand for Asparagus. Get started this year with this "full of vitamin" green. Plantings last 20 years or more. 5000 roots will plant an acre.

CHOICE RED RHUBARB

Strawberry-red MacDonald—the last word in Rhubarb. Prof. L. G. Bunting of the MacDonald College in Quebec, Canada, where it was originated says: "It is very highly colored, a dazzling, attractive red stalk, of large size, productive, very tender and succulent, and of excellent quality; particularly valuable for pies and desserts." Its color, when cooked without peeling, is as attractive as that of Raspberries. Not grown from seed. Plants propagated by division. Try some this year. You will like it. **PRICES:** \$1.00 each; 3 for \$2.20; 6 for \$3.85; 12 for \$6.50.

GOLDEN GOOSEBERRIES

The berries are very large with a delicious flavor. Their greenish yellow color turns to pink when fully ripe. Plants are hardy, vigorous growers; bears young and annually on sturdy bushes. Plants will last for years with very little care. Very good for pies. 90c each; 3 for \$2.15; 10 for \$6.75; 25 for \$16.00.

RED LAKE CURRANTS

Outbears others two to one. Double your crop and profits by raising these big, very productive Currants. Bushes thrifty and exceptionally hardy, easy to grow. The berries are dark red in color, and being borne on long, well filled bunches are a pleasure to pick. Originated in the Northwest where the temperature goes 40 degrees below zero. They ripen in early midseason and last over a long period. **PRICES:** 70c each; 3 for \$1.85; 10 for \$5.60; 25 for \$11.00.

Blueberries

GIANT HYBRID

- Beautiful
- Profitable
- Ornamental
- Last a Lifetime

Best Investment of a Lifetime for Enjoyment and Profit. **Great big, juicy, Hybrid Blueberries** are a joy to eat. Use them fresh or cooked. Tasty and colorful in desserts or salads—in muffins yum! yum! They are mighty good fresh frozen, and for something delightfully different can them with a few spices, a dash of cinnamon, a bit of whole cloves, etc., like you do your spiced Peaches.

Giant Hybrid Blueberries are a pleasure to pick. The bushes grow 6 to 8 feet high. Berries are 2 to 3 times larger than common Blueberries, so compact they actually resemble a bunch of Delaware Grapes. Start fruiting in July, continuing on to September. Blueberries hang on the bushes exceptionally well after maturity, better than most small fruits, so that picking once a week is usually often enough.

Average yield for full bearing plants under good conditions is from 2000 to 3000 quarts per acre, although occasionally much higher yields are obtained. Rich harvests ranging from \$1,000 to \$1,500 per acre are not uncommon. It's the commercial grower's dream come true.

Cross Pollenization: A least 2 plants should be planted together for cross pollenization. Can be same variety. This insures more and larger berries.

For Quick Results Plant Giant 7-Year Transplants

Loaded with fruit buds, well on its way to full maturity. Will bear crop the first year, often paying more than cost of plant. 7-yr., 2 for \$7.50; 4 for \$14.00; 10 for \$32.50.

BLUEBERRY PRICES

VARIETIES

- **Rubel.** Early bearer. Very hardy bushes, producing large, uniform berries beginning in early July. Has a long fruiting season.
- **Rancocas.** Midseason bearer. One of the oldest Blueberries. Ideal berry for home use.
- **Jersey.** Giant of the Blueberry family. Bears giant, sweet berries very late in season. Plant all three and prolong your fruiting season. Blueberries are very easily grown, but like an acid soil. All Blueberries are packed in Gro-Kwick, a nitro-organic humus. Use it in planting your berries. For additional Gro-Kwick, see description and price at right.

How to Grow Blueberries Successfully

Make an opening three or more times larger than the roots, large enough to receive all the roots without crowding. Mix the dirt removed from holes, half and half with Westhauser's Gro-Kwick Acid Peat, or some acid material such as decayed leaves, rotten straw or vegetable refuse, firm this well around the roots of the plants. We recommend that a handful of sulphur be put around each plant in the spring. Give the one-year plants one-half ounce of Sulphate of Ammonia, for the older plants increase one-half ounce for each additional year. Do not let the Sulphate of Ammonia get in contact with the foliage. This can be purchased at your local feed store, and is very inexpensive.

Folks! Blueberries deserve a place on your grounds. No replanting in a few years—once planted, they last a lifetime, and need very little attention. Use them in your landscaping—surpassed by none as an ornamental. Lovely in spring with pink bell-shaped blossoms. All summer their heavy foliage is a highly polished bright green, in autumn the leaves turn a gorgeous coppery red. These disease-free plants can be easily trimmed, making beautiful hedges or group plantings. Along with their beauty comes production. What a pleasure to pick fresh, large, juicy Blueberries from your own bushes—beautiful to look at—delicious to eat. Could one ask for more?

SIZES

- 2-year, heavy rooted transplants, well branched.
- 3-year, heavily branched canes with well established root systems, setting of some fruit buds.
- 5-year, loaded with fruit buds, and well branched plants, extra heavy root systems. Will bear a crop the first year.

GRO-KWICK

To Activate Your Soil add
Westhauser's Gro-Kwick

Ideal for Blueberries—excellent for house plants. Does wonders for shrubs and flowers. Better results from all your plantings. Clean, odorless, highly vitalized—consists of humus, nitrogen, phosphate and other minerals. Holds 15 to 20 times its own weight of water. Mix $\frac{1}{4}$ Gro-Kwick with soil when planting and get better results. Shipped to you in strong, useful **PLASTIC BAGS** so handy for the refrigerator or deep-freeze, as purposeful as the peat itself. **PRICES:** 1 bag, $\frac{1}{2}$ pk., 29c; 2 bags, 1 pk., 50c.

Raspberries

CUMBERLAND

Commercial Leader of All Blackcaps

The leading commercial Blackcap. Get the most for your money, plant Westhauser's hardy, heavy producing Cumberland, one of the foremost, most dependable of all Blackcaps. Does exceptionally well in all climates. Produces biggest cash crops. Buyers pay top prices for this beautiful, most attractive, large, jet-black Raspberry. The seeds are comparatively small, and their luscious, sweet, rich, tempting flavor make them a favorite to eat fresh or canned. Delicious fresh frozen. Will grow and thrive excellently on any kind of soil. It is the firmest of all Blackcaps, does not crumble, holds its size to the end better than any of the Raspberries of today. Prices page 15.

Elephant Size MORRISON

You will be attracted, as was the originator, by all of the unusually fine qualities of this outstanding Blackcap—the mammoth sized berries—glistening jet-black color—rich flavor—so few seeds—heavy producer. Berries even larger than Cumberland, measuring up to an inch in diameter, hold their size to the last picking. The thrifty, strong, hardy plants are heavy rooted and disease resistant. Easy to grow, will thrive on any well drained soil. Especially excellent for canning, jam and juice, as well as fresh and fresh frozen. The trend of the market is very active and the supply limited. Just a little hint, order early and avoid disappointment. Prices page 15.

LOGAN

Prolong your fruiting season—increase your profits with LOGAN. Unquestionably the finest early Blackcap. Berries are deliciously sweet flavored, firm, uniform, large, glossy black, ripening about 10 days earlier than Cumberland. Bears heavily. Gives the grower a chance to make some real money. Particularly liked by home gardener and commercial grower for its drought and disease resistant characteristics. We have a thrifty lot of well rooted plants. Include some of these fine plants in your order today. Prices page 15.

The New!

Improved DUNDEE

This outstanding variety was originated by the New York Experiment Station. Throughout the Raspberry growing states it is getting to be the prevailing berry. It ripens from 5 to 7 days ahead of Cumberland, producing a very firm deep black berry. It never fails to produce a bumper crop, and in many cases will outbear the older varieties at least two to one. The berries are exceptionally firm and sweet with few seeds, certainly a delight to eat from the hand, so large, takes only a few for a rich, luscious, tempting mouthful. Excellent for freezing, canning; delicious for jams and jellies. We believe the Dundee is the most disease resistant Raspberry that we have ever grown. It produces in any type of soil. Don't neglect, order now and reap the harvest of this outstanding delightful berry.

Westhauser's **HEAVY PRODUCING** *Red Raspberries*

RUBY

A GEM OF A RASPBERRY (Everbearer)

This new brilliant ruby-red Raspberry was found in the cold climate of Northern Minnesota. We have tested and fruited it for some time and find it has the qualifications of an outstanding everbearer. Once it is in production there is not a week during fruiting season that it does not have ripe berries which last until heavy frost. This wonderful berry starts producing about the same time as Latham. Imagine! Luscious, tantalizing berries all season. The plants are very hardy, heavy pro-

ducers—easy to grow. Berries are brilliant ruby-red, firm, with excellent keeping qualities. Flavor unexcelled. An all-around berry fresh frozen, canned or in jams and jellies, and delicious eating from the bush. Only at Westhauser's can you secure this outstanding Red Raspberry. **PRICES:** 1-yr., No. 1 plants, 90c each; 3 for \$2.50; 6 for \$4.25; 12 for \$8.00. 2-yr., bearing age, \$1.50 each; 3 for \$4.00; 6 for \$7.25; 12 for \$13.50.

LATHAM

Latham is the leading medium to late commercial variety. For extra value plant Westhauser's dependable proven strain. Home gardeners everywhere are delighted with the fine qualities of Latham. It thrives on all well-drained soil, produces heavily in all localities. It's very hardy, does not winter-kill even at 45 degrees below zero. Berries are large, plump and sweet. It is not uncommon for them to measure an inch in diameter. Color is a beautiful rich dark red. Carries well in shipping. The rich coloring of these firm, fancy berries makes such an attractive package, buyers are so eager to get them often pay as much as 50c more per crate. Folks, there is nothing more delicious than Raspberries fresh from your own garden. Saves on the food budget, too, sell the surplus to your friends and neighbors. For pies, shortcake, sauce, jam, freezing and fresh juice, they are delicious. Include Latham in your planting this year.

EXCERPTS FROM COUNTRY GENTLEMAN, AUG. 1951, PAGE 48

"New thornless Red Raspberries grow smooth as a pencil and produce a large, firm berry slightly better in quality than the Latham. They have a comparatively long fruiting season—canes grow upright and vigorous. Growers like the pleasant conditions under which they are cultivated, weeded and picked. When ready for removal, old canes can be snapped with bare hands. Early Wonder produces about the same amount of fruit as Latham but bears its fruit 6 to 10 days earlier." Charles F. Goodnow, Massachusetts orchardist.

INDIAN SUMMER

Giant Everbearing—2 Crops in One Year

When partaking of some choice, deliciously flavored fruit, have you not often wished it would last longer? Indian Summer is your berry. It is one of the first to ripen, bearing a full crop in June—another immense crop in fall. The berries are mammoth, conical shaped with small cavity, deep red color and highly flavored. The plants are hardy, tall and thrifty, require little care. In production will equal and outbear other Red Raspberries. Delicious fresh. Put some in your locker or deep freeze so you can have them fresh all winter. Can some for those unexpected guests, it will be a treat to them, and a dessert worry off your mind. Attention commercial growers! Indian Summer are good shippers. Get premium prices for Raspberries out of season. Double bearing—double profit.

NUT TREES

From Westhauser's that PAY

BLACK WALNUT

Well known, very productive, easy to grow and hardy practically anywhere. Richly flavored kernels useful for many purposes. A beautiful lawn or shade tree, symmetrical dark green foliage which turns to a flaming coppery red after frost. High timber value. **PRICES:** 2 to 3 ft., 80c each; 2 for \$1.50; 5 for \$3.50; 25 for \$15.00.

PECAN

Hardy Northern Grown

Just as hardy as Hickories, and should not be confused with southern grown stock. Our trees are Michigan grown and have withstood temperatures of 17 to 20 degrees below zero without injury. Ideal shade trees, practically immune from insects, and do not shed their leaves until late in fall. **PRICES:** 2 to 3 ft., \$1.50 each; 3 for \$4.00; 6 for \$7.50.

THOMAS BLACK WALNUT

Thinnest Shell—Largest Meat—
Best Flavor

Plain facts in a nut shell—Thomas Black Walnut—the Improved Walnut—have a comparatively thin shell, making cracking easy! Big delicious kernels, making them easy to pick from the shell, that have the true delicious Walnut flavor so desired for candies, cookies, cake, hot breads and topping many dishes! it is the most remarkable of all Nut Trees—bearing young (often 2 years after planting); a heavy producer; thrifty tree, grows almost anywhere. This profitable tree makes an ideal shade tree. Plant a Thomas Black Walnut Tree. **Prices:** 4 to 5 ft., \$3.00 each; 2 for \$5.00; 5 for \$11.50.

Thomas Black Walnut

New! CHINESE CHESTNUTS

A new Chestnut with larger, better quality nuts. The trees we offer are blight-resistant, and of only one quality—the finest grown. Not only do these trees produce large, delicious full-flavored Chestnuts at an early age, but their beautiful rounded, spreading branches rapidly develop into a lovely shade tree to grace any home lawn. Have the thrill of roasting Chestnuts from your own tree over an open fire. Try them boiled or roasted—delicious beyond description. **PRICES:** 15-20 inches, \$1.50 each; 3 for \$4.00; 10 for \$9.00. 2-3 ft., \$2.00 each; 2 for \$3.90; 5 for \$7.00.

Chinese Chestnut

BUTTERNUT

No better flavor than is found in the sweet, oily, nutritious kernel of the butternut. This hardy, native tree, comely in form, stately in growth, enduring and resistant to storm will put out its leaves in spring and yield its crop in autumn. Butternut trees start to bear young. They require no spraying. Old timers always say that nature made this nut good enough so that there is no need for improvement. **PRICES:** 3 to 4 ft., \$1.00 each; 2 for \$1.95; 5 for \$4.50; 10 for \$8.00.

NEW *Thornless* BERRIES

THORNLESS BOYSENBERRY Vines as Smooth as Silk

Mammoth sized berries often measure 2 inches or more—so few to fill a basket—a sight so wonderful, people cannot resist buying them. Their glossy, deep, velvety maroon color attracts the attention of the most discriminating. A new taste thrill. Superb tangy flavor. A rich pleasing blend of Raspberry, Loganberry and Blackberry that will long be remembered. Fresh or canned in pies, jams, jellies and cordials. Mighty good fresh frozen. Very productive, 6 to 12 plants will supply average family. Ripens 10 days to 2 weeks earlier than regular thorny Boysenberry. Bring home the big money with Westhauser's proven heavy bearing strains. (See cultural directions below). **PRICES:** 1-yr. No. 1 plants, 6 for \$1.00; 12 for \$1.80; 25 for \$3.25; 50 for \$5.50; 100 for \$10.00; 1000 for \$60.00. 2-yr., No. 1 fruiting size, 70c each; 3 for \$1.95; 6 for \$2.80; 12 for \$5.25; 25 for \$10.00.

THORNLESS BLACKBERRIES

Heavy producer, practically coreless, absolutely thornless. True outstanding Blackberry flavor. Vines similar to Grape vines, make rank growth, 8 to 10 feet. Deep green foliage, thrifty grower; be sure to get started now. **PRICES:** 1-yr., No. 1, 75c each; 3 for \$2.00; 6 for \$3.75; 25 for \$10.00. 2-yr., No. 1 fruiting size, \$1.50 each; 3 for \$4.00.

Cultural Instructions

Set plants 8 by 8 feet in and between rows. Let the vines creep on the ground the first year. To be safe, cover the plants with straw, leaves or soil before heavy frosts. When the buds appear, tie the vines to a trellis or wire about 2½ feet above the ground. After fruiting, cut old vines or canes to the ground, remove and burn, allow the young shoots to remain on the ground as in the beginning, repeat the practice every year.

THORNLESS DEWBERRIES

Another amazing discovery in the Thornless family. Easy to pick, easy to handle (no stickers), hardy, thrifty, succeeds anywhere. Berries large, glossy black, sweet and juicy. Extra delicious fresh, in pies, jams and jellies, make excellent wine.
1-yr., No. 1, 40c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00; 25 for \$5.00.
2-yr., No. 1, fruiting size, \$1.00 each; 3 for \$2.00; 6 for \$3.50; 12 for \$5.50.

HANSEN BUSH CHERRY

Stocky, Heavy-Rooted Plants Will Fruit Quick

A rapid growing ornamental—can be planted singly or in groups, makes a gorgeous hedge with its snowy white blossoms. Bush Cherry is hardy and easy to grow, will thrive on all kinds of soil. The Cherries are large and Plum-like—fine for eating fresh from the bush. They have a wonderful flavor, most outstanding for JAMS and JELLIES. The bush grows from 4 to 5 feet. Foliage is very attractive, silvery green turning to red and gold in the fall. **PRICE:** 24- to 36-inch plants, \$1.00 each; 3 for \$2.75; 6 for \$5.00; 12 for \$9.00. Large 3-year, extra heavy size, \$1.25 each; 3 for \$3.25.

HAZEL (American Filbert)

To ornament your lawn plant the family favorite nut producer. Attractive bush for tall hedging, very hardy which yields an abundant crop of tasty nuts, tender and of fine flavor. Will grow to size of small Peach tree. **PRICES:** 18-24 in., 75c each; 2 for \$1.40; 5 for \$3.00; 10 for \$5.75.

THE "GREAT FAVORITES" BLACKBERRIES

ELDORADO

Best late Blackberry. Satisfies both home and commercial grower. Bears young, producing almost a full crop first year after planting. Sparkling, jet-black berries are large, sweet, uniform in size, and are practically coreless; do not turn red after picking. Hardy, vigorous, disease resistant, regular heavy producers. Fruits over long season, your assurance of big profits.

ALFRED

The practically coreless Blackberry originated in Michigan, the state that produces fruit with the flavor. The color is glossy jet-black, the flavor sweet and delicious, and it is nearly seedless and coreless. A hardy plant that produces mammoth berries, often $1\frac{3}{4}$ inches long. It does equally well in cold sections. Why not include a few in your order and get started raising this profitable berry?

STOCK**

Westhauser's Giant PEONIES

As sophisticated as Orchids—petals of gleaming satin or daintiest marquissette circling full feathered puffs—delicately Rose scented, invaluable for cut flowers where large flowers of rich coloring are needed. An almost endless number of blooms from May through June. In fall the beautiful glossy green foliage takes on the autumnal tints of vivid carmine, purple, amethyst and orange. No other hardy flowering plant endures the northern winters as does the Peony. Use singly or in group plantings, particularly lovely used as a low hedge as the Peony makes a rather dense growth. At home in almost any situation, naturalizing as readily in woodland copses as in formal gardens. Dig soil at least 18 inches deep, set so top eyes are 2 to 3 inches below the level after soil has settled. Plant early. Best varieties selected by actual vote of the American Peony Society:

1. *Madam Jules Dessert* (White tinged with a very delicate pink) Late.
2. *Festiva Maxima* (Pure-white, rose fragrance.)
3. *Frances Willard* (Blush-white suffused yellow collar) Large, perfect.
4. *Alsace Lorraine* (Creamy white) Free bloomer.
5. *Longfellow* (Cherry-red) Symmetrical form.
6. *Marquis Lagergren* (Large bright velvety crimson) Midseason.
7. *Monsieur Jules Elie* (Glossy flesh-pink) Very compact, very fragrant.
8. *Mary Woodbury Shaylor* (Shell-pink, creamy yellow center) Mid-season.

PRICES: \$1.00 each; 6 for \$5.00

SCHMIDT, SWEET

The best dark Sweet Cherry, and an excellent market Cherry. The fruit is fancy and attractive, keeps well. A deep crimson-red color, heavy producer of extra large, tender, juicy fruit. Production comes midseason. Prices below in blue block.

MONTMORENCY

The best Sour Cherry. The fruit is extra large, bright red, firm, fine for shipping; ripening the latter part of June. Best large, late, pie and canning Cherry. Fruit is semi-acid and is delicious to eat right off the tree. A strong grower, perfectly hardy, bears young and a full crop. Once again this year Cherry trees are scarce. Order now and avoid disappointment. Prices below in blue block.

WINDSOR, SWEET CHERRY

A late variety producing the latter part of July. Valuable for market and desirable for home use. Fruit is large, dark red. Flesh is sweet and firm, very juicy. Resists rot and clings to the tree long. Vigorous, upright, rapid grower. Prices at the right in blue block.

ALL-IN-ONE APPLE ORCHARD

Quick Fruiting 3-Year-Old Trees

Yes, one tree replaces five. Your Apple tastes can be satisfied by this one tree which bears early, delicious YELLOW TRANSPARENT; the all-around ANOKA; the best winter keeper WINESAP; and the Apple Queens RED and YELLOW DELICIOUS. These five varieties have been grafted on two-year-old Apple tree stock, and left to grow in the field for another year. Fruit equals the same high quality of each individual variety.

APRICOTS

Enjoy extra delicious, healthful juice from golden ripe Apricots. The favorite Apricot. Large, roundish oval, orange color with a faint roundish blush cheek, yellow flesh. It is a perfect freestone of wonderful quality. Ideal for desserts, fresh from the tree, fresh frozen, dried or canned. The trees grow a little larger than the average size Peach tree and are just as hardy. Moorpark ripens the first part of August. A hardy, rare, fuzzless, practical, productive fruit. Plant this year. **PRICES:** 2-3 ft., \$1.25 each; 2 for \$2.25; 5 for \$5.00. 3-4 ft., 9/16 in., \$1.50 each; 2 for \$2.80; 5 for \$6.50.

SPACE
SAVING

DWARF

TREES

Large Fruit in Small Space

These hardy, productive trees bear abundantly, more fruit in production than an average tree. They are easy to prune and spray. Fruit is easy to pick. They usually bear the first to second year after planting. Quality of fruit is excellent for eating, preserving and freezing. Extremely attractive during early spring, loaded with gorgeous blooms. (This makes them two-fold—a productive tree and a beautiful tree-shrub.) An ideal planting for your limited amount of space. Get yours now. Supply limited. Compact, plant them about 15 feet apart, attain a height in the neighborhood of 10 feet.

DWARF PEACH

First time ever offered! A dwarf Peach—takes less space—produces big, delicious fruit. A "must" for small gardens. Dwarf Peach varieties: Elberta, Hale-Haven, Red Haven. Prices: \$2.50 each; 3 for \$6.25.

APPLE

Anoka, Red Delicious and McIntosh. \$3.25 each; 2 for \$5.75.

PEAR

Dwarf Bartlett Pear

Prices:
\$2.75 each;
3 for \$5.95.

SAPA PLUM

Juicy, sweet, freestone, red flesh. Often bears first year planted. Very hardy, produces enormous crops even in the coldest climate. The firm flesh and skin make it an excellent shipper and keeper. Sapa trees have a dwarf growing habit. Prices: \$2.25 each; 3 for \$5.95.

Dwarf Pear

Westhauser's Select FRUIT

PEARS

BARTLETT PEAR

Most popular Pear for home and market. A leader among canning Pears. Large, golden yellow with a blush on the sunny side. Flesh tender, melting and juicy, with delicious musky flavor. Tree is vigorous, erect and bears abundantly. **PRICES:** 7/16 in., \$1.15 each; 10 for \$10.00; 100 for \$65.00. 9/16 in., \$1.25 each; 10 for \$11.50; 100 for \$75.00. 11/16 in., \$1.35 each; 10 for \$12.50; 100 for \$85.00.

KIEFFER PEAR (Fall)

Large, rich golden yellow tinted red on the sunny side. Bears largest, most consistent bumper crops. Wonderful keeper, a good long distance shipper. Trees hardy, very strong grower, bears at an early age producing phenomenal crops. **PRICES:** 7/16 in., \$1.15 each; 10 for \$10.00; 100 for \$65.00. 9/16 in., \$1.25 each; 10 for \$11.50; 100 for \$75.00. 11/16 in., \$1.35 each; 10 for \$12.50; 100 for \$85.00.

SEEDLESS PEAR

Triumphs in quality and flavor. Every bite a delight. Smooth and melting, juicy, sweet, packed full of rich flavor. No seed! No core! Just solid white Pear all the way through. Large as Bartlett. Waxy yellow skin with russet flecks and red cheek. Easy to can. Serve smooth halves or whole Pears for fine salads and desserts. Ripens 10 days after Bartlett. Usually bears when 3 years old, produces enormous crop. **PRICES:** 9/16 in., 4-5 ft., \$2.00 each; 3 for \$5.75. 11/16 in., 5-6 ft., \$2.50 each; 3 for \$7.50.

PLUMS

STANLEY PRUNE

The best Prune-type Plum. Bears second year. Big yielder every year. Gets top market prices as it ripens 10 days earlier than other varieties. It is freestone, with beautiful bluish purple skin, and luscious golden flesh that has a rich, mild, sweet flavor. A real treat either fresh or canned. When canned the fruit is wine-red all the way through. Requires very little sugar; holds its shape and retains skin in cans. 7/16 in., \$1.15 each; 10 for \$10.00; 100 for \$65.00. 9/16 in., \$1.25 each; 10 for \$11.50; 100 for \$75.00. 11/16 in., \$1.35 each; 10 for \$12.50; 100 for \$85.00.

BURBANK

Large, round, maroon-red Plum. Full crop every year. Trees bear heavy, often need thinning. Tasty, yellow flesh; fine firm texture; juicy. Excellent shipper. Adaptions for all localities. 7/16 in., \$1.15 each; 10 for \$10.00; 100 for \$65.00. 9/16 in., \$1.25 each; 10 for \$11.50; 100 for \$75.00. 11/16 in., \$1.35 each; 10 for \$12.50; 100 for \$85.00.

SUPERIOR (Jumbo Red)

Largest and very best of the Jumbo Plums. Often bear second year. Fruit large, firm-fleshed, beautiful red color. Delicious to eat from the hand, canned or in jellies. Better Plum for home and market. **PRICES:** 7/16 in., \$1.15 each; 10 for \$10.00; 100 for \$65.00. 9/16 in., \$1.25 each; 10 for \$11.50; 100 for \$75.00. 11/16 in., \$1.35 each; 10 for \$12.50; 100 for \$85.00.

GREEN GAGE

Large, round, greenish yellow Plum with a remarkably sweet flavor. Almost lacking of any acid. Tender yellow flesh with freestone pit. Hardy, regular bearer. **PRICES:** 7/16 in., \$1.15 each; 10 for \$10.00; 100 for \$65.00. 9/16 in., \$1.25 each; 10 for \$11.50; 100 for \$75.00. 11/16 in., \$1.35 each; 10 for \$12.50; 100 for \$85.00.

Peaches

Plums

TREES

PEACHES

RED HAVEN

Earliest dazzling all-red. Self-pollenizing. Ripens three weeks before Elberta. A sure hit and big money maker. Fruit is fine grained, medium size, freestone, smooth skin, rich in flavor, sweet and juicy. Excellent shipper. (PRICES BELOW).

HALE-HAVEN

Large! Early! Freestone! Extremely high color. Colors few days before it is ripe on the trees; can be picked reasonably green for long distance shipping. Flesh yellow, juicy. Mild pleasing flavor. One of the best canning Peaches. (PRICES BELOW).

SOUTH HAVEN

Golden yellow with a red cheek. Good juicy flavor. Wonderful canner and shipper. (PRICES BELOW).

ELBERTA (Midseason)

The standard of all Peaches. Outstanding the country over for both commercial and garden purposes. Very large. Yellow with red blush cheek. Highly flavored, and very juicy. Hardy, vigorous grower, does well in all Peach-growing sections. Ripens first part of September. (PRICES BELOW).

FAIRHAVEN

A cross between J. H. Hale and South Haven. Ripens about a week before Hale-Haven. Trees are vigorous and very productive. Have the same fruiting tendencies of the Hale-Haven. Fruit medium large size. Color—bright golden yellow with red cheek. Skin smooth, fruit firm, excellent for shipping. Flesh medium yellow with moderate red color to pit. Flavor extra good.

SEE DWARF PEACH ON PAGE 23

American Wonder Lemon

Grow Lemons Indoors on Small Plants

Easily grown in a pot like a Geranium. This little plant is unique, interesting and useful. The waxy white flowers that appear several times during the year are fragrant as orange blossoms, and are followed by very large lemons (often weighing from 1 to 3 pounds), that are delicious for lemonade and culinary purposes. Seldom grows over 3 feet; can be kept smaller if desired. **PRICES: \$1.00 each; 2 for \$1.75.**

Plant *Westhauser's* Fruitful Novelties

Nectarine

for a **HOBBY**
that **PAYS**

Crystal White Blackberry

Strange as it may seem, this is a real creamy white, honey-sweet Blackberry, mixed with jet-black ones makes a novel dessert. Fruit is about the size of the Alfred, with few seeds, very sweet when fully ripe. Bushes are good, strong growers and very productive. **PRICES:** 2-year, bearing-age, 40c each; 3 for \$1.00; 6 for \$1.85; 12 for \$3.50. 3-year, extra heavy, giant plants, 55c each; 3 for \$1.50; 6 for \$2.50; 12 for \$4.25.

Crystal Blackberry

Nectarine

The fruit with the shape, size and flavor of a Peach yet minus the disliked fuzz, having a smooth skin similar to Plums. The Nectarine tree is as hardy as a Peach tree, requires the same culture, is self pollinizing and bears young. Nectarines, a freestone, ripen about the same time as Elberta Peaches. Their smooth skin of bright golden color with slightly red cheeks envelopes a creamy flesh filled with rich juicy flavor, highly favored for canning or eating fresh. **PRICES:** 2-3 ft., \$1.25 each; 2 for \$2.25; 5 for \$5.00. 3-4 ft., \$1.50 each; 2 for \$2.80; 5 for \$6.50.

- 3 Golden Queen Raspberry. 2-yr.

For Only \$4.40

Net, No Discount

Sodus - Purple Cap

The leading purple Raspberry. Berries are large, firm and when fully ripe have a delicious, mild sugary flavor all their own, "a blend between a black and red Raspberry." Meaty with very small seeds. **Vigorous, productive, hardy.** Order now, supply limited. First come, first served. 1-yr., No. 1 plants, 3 for 90c; 6 for \$1.50; 12 for \$2.75; 25 for \$3.50; 50 for \$6.00. 2-yr., heavy rooted, \$1.00 each; 3 for \$2.75; 6 for \$4.75.

Sodus

Everbearing Blackberry

This new large Everbearing Blackberry of jet-black color has a fine spicy flavor, honey-sweet, few small seeds and no core. Starts to bear in July and continues until winter. The plants are drought- and disease-resistant. No garden should be without some of these plants. Supply limited. Order now. 2-year, extra heavy, bearing age, \$1.25 each; 3 for \$2.50; 6 for \$4.75.

Everbearing Blackberry

ORIENTAL CHERRIES

Tomentosa, an improved variety, producing an abundance of blooms and fruit. Self fertile. Flesh of fruit is meaty, juicy with a pleasant sub-acid flavor. Excellent for eating fresh or for jams and jelly. **PRICES:** 18-24 in., \$1.35 each; 3 for \$3.75. 2-3 ft., \$1.60 each; 3 for \$4.55.

Golden Queen Raspberry

This rich, golden yellow Raspberry is not only a novelty but in many cases is grown in preference to the red and black Raspberries because of its sugar-sweet flavor. Plants are vigorous growers, berries large and immense producers. Get some for your garden now. **PRICES:** 2-year, bearing age, 3 for \$1.75; 6 for \$2.75; 12 for \$5.00.

RA-PID-GRO

The "Miracle Plant Food"

Keep a Yard of Beauty With a Few Gallons of Ra-Pid-Gro

Ra-Pid-Gro is a complete concentrated plant food formula containing Vitamin B-1 and B-2 plus 11 other plant food elements. No fuss—No Fuss—just add water at the rate of 1 lb. of Ra-Pid-Gro to 22 gallons of water. Dissolves at once and—Pronto!—it is ready for use. If smaller amounts are desired, mix 1 T. to 1 qt. of water. Every bit is 100% plant food, contains no inert materials.

RA-PID-GRO is inexpensive—1 lb. of Ra-Pid-Gro makes 176 lbs. of rich, complete plant food costing only about 1/2c per pound in the larger quantities. Because Ra-Pid-Gro is so easily assimilated by the plants—estimate your seasons' requirements at the rate of 1 pound Ra-Pid-Gro for each 100 pounds of other fertilizer you have been using. What can give you greater joy, more satisfaction than the beauty of colorful flowering trees and shrubs surrounded by a luxuriant lawn.

Ra-Pid-Gro will work miracles in promoting growth on all types of plants—known also as "The Plant Blood Donor", because it is immediately taken in by the plant feeders and sustains life and develops growth. Use it around trees, evergreens, shrubs, perennials. Use it on your lawn—for vegetables—makes things "grow like a weed." Why suffer any transportation losses? Overcome the shock of transplanting, give your plants a healthier start, by dipping them in RA-PID-GRO. Trees dip 4 minutes, Shrubs dip 3 minutes, Evergreens with Ball dip 5 minutes (leave burlap on), Berries dip 1 minute (all kinds), Strawberries dip and out. Use remaining solution for watering after planting. For all fruit trees, shade or ornamentals, shrubs, evergreens, berry plants, perennials, give a **base feeding** of Ra-Pid-Gro early in the spring and **foliage feeding** once or twice a month during season.

PRICES: 1-lb. bag, \$1.25; 2-lb. bag, \$2.35; 5-lb. bag, \$4.50 net, no discount.

Postpaid in Michigan, Ohio, Wisconsin, Illinois, and Indiana. Elsewhere add 5c per lb. for postage.

New POMO-GREEN-All-Spray

Pomo-Green is a combined insecticide and sulphur fungicide, green in color, that is easily applied and quick acting. It can be dusted or sprayed and leaves no unsightly residue when used as directed. Pomo-Green is recommended for the control of the dreaded black spot and powdery mildew, well known to Rose growers, also chewing and sucking insects on Roses, Delphiniums, Phlox and many other ornamental plants. 1-lb. sifter top canister, \$1.45, postpaid. 4-lb. bag, \$3.45, postpaid. Net, no discount.

TAKE HOLD

Let Take-Hold Take Over for You

Most useful of plant foods. Supplies necessary nutrients at once. Use on all household plants for faster growing, better quality plants. Use in water for cut flowers to prevent quick wilting. Use it on all outdoor plants for a stronger, healthier product. Lessen root-shock. Feed your plants "Take-Hold" when transplanting. PRICE: 12-oz. pkg., \$1.00. No discount.

VITAMIN B-1

Vitamin B-1 reduces the shock of transplanting.

How to Use it: Dissolve 1 tablet in a gallon of water, sprinkle plants immediately after transplanting. In case plants, shrubs or trees are already planted, soak soil around the roots with solution. Dormant or bare-rooted plants should be soaked in solution not less than one-half hour or more than one hour before planting. Endorsed by leading agricultural and horticultural papers. PRICES: 12 tablets for 25c; 50 for 65c; 100 for \$1.00, postpaid. Net, no discount.

BERRY SET

Do your berries lead the way in size? Flavor? Season? Use Berry Set, an approved plant hormone, simple to use. Just spray blossoms. Your crop will be heavier and earlier. Your berries larger, firmer, better flavored. Get greater enjoyment and greater value from your berry patch. PRICES: 1-oz. pkg., 50c; 3-oz. pkg., \$1.00. No discount. Prepaid.

PLANTING BOOK

Forty-eight pages of valuable information on planting, pruning and general care of plants, shrubs, trees, etc. Everyone interested in plants should have this book. Supply limited. PRICE: 25c. If included with order, 15c. Net, no discount.

Westhauser's Elite

ROSE GARDEN

Majestic Beauty! Everblooming Roses! An abundance of fragrant, colorful blooms 6 to 8 weeks after planting—until heavy frost. Last for years.

Everblooming Hybrid Jumbo-Size ROSES

Give lasting beauty to your garden. We have selected five of the better Hybrid Tea Roses that will produce a well-balanced colorful display. Sure to please. Easy to grow. Successful Rose gardens depend largely on obtaining good stock of worth-while varieties.

1. **Etoile de Hollande.** A brilliant dark velvety red Rose of perfect form and magnificent size. Considered the best red Rose, as it is very resistant to disease and leaf spot. These Hybrid Tea Roses bear their glorious blooms profusely from June until late fall.
2. **Luxembourg.** Noted for its quantity of deep yellow, rich fragrant blossoms. Vigorous bushes.
3. **Condesa de Sagato.** Cerise-pink with golden yellow petals on back. Exceptionally strong grower, very free flowering, has an alluring fragrance.
4. **Pink Radiance.** This rose-pink cupped flower has a pungent, true Rose fragrance. In continuous demand for its vigorous, healthy growth and remarkable freedom of bloom. One of the world's most dependable Roses, thriving everywhere.
5. **Konigen Louise.** A perfect white Rose. Its long pointed, perfectly shaped buds open into magnificent blooms of breath-taking loveliness.

Westhauser's Roses will give you greater satisfaction. They come to you expertly packed in our special Gro-Kwick. Use this Nitro-Organic Humus in planting your Roses; they will produce faster, bloom freely and establish a stronger root system.

PRICES: Select, fancy, 2-yr., No. 1, \$1.10 each; 3 for \$3.00; 5 for \$4.95; 10 for \$9.00. Net, no discount.

Gifts to be Remembered Give Roses - Symbol of Love

Bring a message of joy and cheer with a gift of Roses. We can ship Roses 10 months out of the year (July and August excluded). Order today! Just give name, address and date to be shipped, we do the rest, even to sending a gift card. No gift will be more loved or cherished than magnificent Everblooming Roses.

Climbing Roses

Thousands of blooms in a small space. Fences, trellises or arbors come aglow with vivid colors. Un-sightly places are soon covered with luxuriant foliage studded with hundreds of colorful blooms.

1. **Paul's Scarlet.** Produces huge clusters of intense scarlet blooms in great abundance in June. Very beautiful. Excellent for fences and pergolas.
2. **Dr. Van Fleet.** Combines absolute hardiness with flowers as large as Teas. A mass of beautiful clustered buds, which open out into large, shapely flowers of delicate flesh-pink.
3. **Golden Charm.** A blanket of gold is formed by this outstanding Climber. Luxuriant green foliage for a background. Perfect for trellis or pergola.
4. **American Beauty.** Fine form, carmine-red, free-flowering, very fragrant. Lovely for porch and lattice work.

Our Climbers are also packed in Westhauser's Gro-Kwick, a Nitro-Organic Humus, full of plant nutrients, use it in planting.

Prices: \$1.10 each; 3 for \$3.00; 5 for \$4.95; 10 for \$9.00. Net, no discount.

Formal Gardens

Beautify your home grounds with Westhauser's Grandeur Roses. What greater thrill than to walk into your own Rose garden and smell the delightful fragrance? What greater fascination than to see these colorful beauties blooming freely from spring to fall. Pick luxuriant bouquets all summer. Through the years you will be glad you planted Westhauser's Jumbo Hybrid Tea Roses.

MULTIFLORA • Rose Multiflora Japonica

Living Fence, Hedge or Border with Stunning Beauty • Animal Corral — Game Refuge
• Windbreak • Soil and Crop Protector

No wonder Multiflora Rose is fast becoming the most popular living fence, hedge or border. Used extensively on farms as a barrier for all live-stock. Its density serves as a windbreak and snow fence. Wire woven and wooden fences are in fact being replaced by Multiflora fences at a saving of 60% or more. Recognized and developed by U. S. Soil Conservation Service, Multiflora fences have been tested throughout the United States and proven successful.

So practical—yet so beautiful! The pale dusty pink profusion of blossoms in early spring, followed by large red berries which attract animal wild life, plus its gallant green foliage from spring until snow—add unforeseen beauty to your fields. Multiflora is very hardy, thrives everywhere and does not spread out, sapping the strength out of surrounding soil, making it easy to plant right up to this fence row. Needs no clipping, pruning, or training; grows naturally to fill the bill. Plant this worth-while Multiflora Rose for a beautiful living fence, hedge or border. It saves you money, serves many purposes, adds beauty worth millions. Plant 12 inches apart for an extra solid fence. **PRICES:** 8 to 12 inches, 10 for \$1.30; 25 for \$2.65; 50 for \$4.75; 100 for \$8.00; 1000 for \$55.00.

Top Quality Plants

DWARF PERENNIALS

1. PRIMROSE

New Hardy Hybrid Primroses. Large, 2-yr., field-grown plants in mixed shades, beautiful, delightful, dwarf perennial. Their colored blooms arise above their attractive, broad, silky green leaves adding charm to any planting. Excellent for border plantings and in semi-shady spots. Plant 10 to 12 in. apart. **PRICES:** 55c each; 3 for \$1.50.

2. ENGLISH VIOLET

Beautiful for all types of border or bed plantings. Broad, heavy foliage of a deep green. Flowers of an extremely sweet-scented, purple-violet, borne in profusion on graceful stems. Grows 6 to 8 inches high. Very hardy, will thrive under any conditions. For edging plant them 8 inches apart. **PRICES:** 40c each; 3 for \$1.00.

3. SWEET WILLIAMS

Everblooming! Imagine the most popular garden flower in full array of mixed colors, blooming consistently throughout the entire season, showing their beautiful colors in fancy patterns. The flowers are shaped, clustered and colored much like Phlox; markings being more shapely, definite. A mixture of delicate and beautiful colors. **PRICES:** 40c each; 3 for \$1.00.

4. PINKS

Such magnificent coloring! Treasured as much for their rich clove fragrance as for the abundance of attractively colored flowers in rose, pink, red and white combinations with occasional yellow. Free flowering, producing masses of graceful delicately fringed flowers borne on erect, slightly drooping stems about a foot high. Hardy, can be grown anywhere; enjoys full sunshine. Continuous blooms from early June for extended period. **PRICES:** 40c each; 3 for \$1.00.

2. Viola

SEMI-DWARF PERENNIALS

5. AQUILEGIA

Mrs. Scott Elliott's Long-Spurred Hybrid

Dainty, graceful Columbine. Exquisite form and coloring. Blooms in late May and June. Prefers partial shade. Splendid for cutting. Marvelous color range, bright pink, scarlet, light blues, yellow, many bi-colored. **PRICES:** 40c each; 3 for \$1.00.

6. BLEEDING HEART (Dicentra Spectabilis)

A most delightful spring-flowering plant. Graceful, heart-shaped, rose-colored flowers. Foliage attractive steel-blue-green color. Thrives in partial shade or full sun. Plants become larger and more beautiful each year. Attains a height of 2 feet. **PRICES:** 75c each; 3 for \$2.00.

7. BLUE GARDENIA (Campanula)

A rare beauty of deep blue, Gardenia-like flowers. Fits in anywhere from the formal border to the rocky ledges of the woods. Stalks of bloom reach a height of about 2 feet. Blooms May to July. **PRICES:** Nice sturdy plants, 75c each; 3 for \$2.00.

8. BABY'S BREATH

This new plant is ideal for borders and rock gardens. It comes into flower early in spring and continues throughout the entire summer. The flowers are double, first pure white, later, flesh-pink. Make wonderful bouquets alone or are beautiful in combination with other flowers. It's an everblooming perennial and will give continuous color. **Hardy**—will thrive on most any type soil, semi-shade or full sun. Grows about 12 inches high, as it gets older will spread to about 2 feet. Foliage light green, leaves pointed. **PRICES:** 40c each; 3 for \$1.00.

9. SHILKA IRIS

The poor man's Orchid, as it is known, is very hardy. It was discovered in the wilds of Siberia where it is very cold. Looks like an expensive Orchid; beautiful, harmonizing flowers; many are double. Blooming period for 6 weeks or more. PRICES: 40c each; 3 for \$1.00.

10. DELPHINIUM, Pacific Hybrid

This elegant strain of Delphinium is almost beyond description. Flower spikes 3 to 4 feet long, closely packed with individual flowers measuring from 2 to 3 inches across. Mostly two-toned double, ranging from lavender through deep purple, and blue through dark blue. Just the touch of color needed to make a charming planting complete. The plants are resistant to mildew. Stems are wiry and strong enough to resist high winds. PRICES: 45c each; 3 for \$1.00; 6 for \$1.95; 12 for \$3.60.

11. CARNATION (Crimson King)

This dazzling Red Carnation starts to bloom from 6 to 8 weeks after planting and continues until heavy frosts. After planting you will receive its spicy fragrance all during the summer and fall. It is perfectly hardy and the flowers are borne to the height of 15 to 20 inches. A flower garden is not complete without this beautiful Carnation. PRICE: 45c each; 3 for \$1.00; 6 for \$1.95; 12 for \$3.60.

TALL PERENNIALS

12. LYTHRUM, Morden's Pink

Ideal perennial border. Spike after spike covered with deep rose-colored flowers. A mass of blooms from June to September. Grows 3 to 4 feet high. PRICES: Thrifty, 2-yr., field-grown, blooming size plants, 50c each; 3 for \$1.25; 6 for \$2.25; 12 for \$4.00.

13. ANCHUSA

Attains height of 3 to 5 feet. Blooms during June and July. Leaves are very large, heavy and hairy. The flowering branches are sent out in all directions from the plant and bear large, loose clusters of giant Forget-me-nots of dark turquoise-blue. When planted in masses, Anchusas appear as a misty sea of deep blue when in bloom. PRICES: 60c each; 3 for \$1.50; 12 for \$4.75.

14. FOXGLOVE, Shirley Hybrid

The flower heads are over 3 feet long, crowded with big, bell-shaped blossoms. Colors range from white to shell-pink to deepest rose, many attractively dotted crimson or chocolate. PRICES: Strong, field-grown plants, 40c each; 3 for \$1.00.

15. DAY LILY

2-Year, Field-Grown Plants

Masses of beautiful, soft blue blooms hanging as loose panicles from heavy stems. Surrounding the flowers are the broad, pale green, fluted leaves, variegated by white bands and varied streakings. Noted and valued for its foliage throughout the entire season. PRICE: 40c each; 3 for \$1.00.

More Welcome Than Flowers of Spring

THESE DAZZLING FALL BEAUTIES

MUMS

Look! What Beauties! Feast your eyes on those magnificent colors! Blossoms! Blossoms! Everywhere—thousands on a single plant. Unless you have seen these gorgeous dwarf, Azalea type Mums you cannot visualize their beauty; **one plant** a flower garden in itself, 500 to 1,000 blooms the first year, many more the next. How invigorating on chilly fall days—with summer blossoms gone—to have these autumn Queens impart to us the gift of each season—all the freshness of spring

through the deep golden yellow—the bloom and glow of summer found in the pure snowy white and lovely rose-pink—and all the wealth of autumn colors intensified in the brick-red and outstanding bronze. Friends and neighbors will exclaim in awe at the warmth of color that dazzles the eyes. A pleasure to care for. These plants are extremely hardy, attaining a height of 1½ to 2 feet. Last almost a lifetime. Grow well on all types of soil. **PRICES: 45c each; 3 for \$1.35; 5 for \$2.10.**

Choice HARDY FALL ASTERS

Bursting with Beauty

PAINTED DAISY

Large, compact, beautiful Daisies. Hardy and easy to grow, will thrive on all soils. Gorgeous assorted colors on long, erect stems. The fernlike foliage and brilliant shadings make them very desirable for cutting. Long season of blooms for bouquets. Grows about 2½ feet tall. **PRICES: 45c each; 3 for \$1.10; 6 for \$2.00.**

The rich coloring of these magnificent Asters will surely thrill you when they burst out all over with thousands of blooms to add glory to your fall flowers from late August through November. The plants range from 1 to 3½ feet in height. Wherever planted the effect of Asters is most charming as they blend with the landscape, yet are very much in evidence. For variety in color and height we offer:

Sunset. Medium in height, ranging from 1½ to 2½ feet. Glorious sunset-pink with blooms so thickly covering the branches it appears as the sun itself, going down behind the horizon. One of the best new pink varieties.

Blue Skylark. Grows 2½ to 3½ feet, making it an ideal setting for a background or border planting. Very outstanding with its sky-blue thick petals and yellow disc centers.

Victor. Dwarfest of all, growing 6 inches to 1½ feet, but still loaded with good sized flowers of beautiful clear lavender-blue.

PRICES: 35c each; 3 for 90c; 6 for \$1.70.

Enjoy Gorgeous Beauty

March to May

1. FRENCH PUSSY WILLOW

A small tree-like shrub with attractive leaves 2 inches long and an inch wide. Its popular appeal is the conspicuous silky, furlike catkins which bud in the fall and make those "springy" bouquets just as the snow melts in spring. **PRICES:** 65c each; 3 for \$1.70.

2. SPIREA VAN HOUTTEI

Magnificent flowering hedge. Long, graceful, drooping sprays covered with countless white flowers, blooming in early spring. Very hardy. Leaves are oval, 1 to 2 inches long, smooth, turning bronze, then orange and scarlet in fall. Its real value lies in its early bloom and brilliant foliage. Used in all sorts of landscape work. Grows to a height of 6 ft. **PRICES:** 2 to 3 ft., 65c each; 3 for \$1.70. 3 to 4 ft., 75c each; 3 for \$2.00.

3. CHINESE MAGNOLIA

The striking contrast of this magnificent ornamental, appearing in early spring with its large bell-shaped flowers, 6 to 10 inches across, white inside, pink or orchid on the outside followed by rich, glossy dark green leaves, make it a highly ornate specimen at all times of the year. Grows 18 to 20 feet high. Combines attractively with spring bulbs and perennials. Admirers will come by your home just to see its amazing beauty. This variety is the hardiest and is adapted to northern climates. **PRICES:** 15 to 18 in., \$2.00 each; 2 for \$3.75. 2 to 3 ft., \$4.50 each; 2 for \$8.50.

4. FLOWERING QUINCE (*Cydonia Japonica*)

Dazzling, bright scarlet flowers appearing in May before the foliage unfurls, followed by highly fragrant greenish yellow fruit. Ideal for specimen planting—can be pruned for hedging. **PRICES:** 70c each; 3 for \$1.80; 6 for \$3.25.

5. TARTARIAN HONEYSUCKLE

Finest bush Honeysuckle! Has somewhat spreading branches—bright green foliage—deep pink flowers followed by brilliant red berries that ripen in midsummer and cling to the bush for several months. **PRICES:** 65c each; 3 for \$1.70.

6. HIGH BUSH CRANBERRY (*Viburnum opulus*)

A magnificent shrub, of upright, spreading form, with smooth, light gray branches and broad, oval, 3-lobed, bright green leaves. Produces small, white flowers which are borne in broad, flat clusters surrounded by a ring of large, sterile flowers. These are followed by very showy scarlet berries, which cling to the bush all winter. Grows 8 to 12 feet tall. **PRICES:** Blooming size, \$1.00 each; 3 for \$2.65.

May to June

7. JETBEAD (White—*Kerria*)

The shrub that thrives in adverse places—heavy clay, shaded, crowded areas and in smoky cities. Jetbead having characteristic black branchlets produces large white flowers all summer followed by black nut-like fruit. If looking for the shrub—sure to grow—sure to bloom, order Jetbead, grows to a height of 4 feet. **PRICES:** 65c each; 3 for \$1.70.

8. HEXE (New Hardy Azalea)

For unusualness in your flower garden add this new Azalea, Hexe, the most beautiful flowering shrub in existence. Produces an abundance of flowers in spring and early summer. The beautifully shaped foliage makes the Azalea a continued delight. Plants are packed with Westhauser's Gro-Kwick. Use it in planting, mix it right in with the soil. Azaleas are acid-loving plants and will appreciate this acid peat. If you have felt you could not grow Azaleas before, try Westhauser's Leading Hardy Azalea. **PRICES:** Strong 2-yr. plants, \$1.60 each; 3 for \$4.25; 6 for \$8.00.

9. COTONEASTER (*Acutifolia*)

A beautiful uncommon shrub that has a graceful spreading habit of growth. Ideal for planting in front of taller growing shrubbery. The tiny, dark green shiny holly-like leaves turn red and orange in fall, and hang on the bush well into the winter. The two- to five-flowered clusters of bloom develop conspicuous black fruits. Thrives in poor rather dry soil. Hardy and easy to grow. We offer you strong 15 to 18 inch. **PRICES:** Large or Jumbo Size, 3 to 4 ft., \$1.75 each; 3 for \$4.50.

from Spring 'til Snow

10. SNOWBALL

Well known shrub. flowers grow in large ball-like clusters, snow-white, blooms May to June. **PRICES:** 70c each; 3 for \$1.80.

June to July

11. HYDRANGEA A. G.

Large, globular clusters; pure white flowers. Blooms July-August. Attains height of 5 to 6 feet. Actual photo page 34. Plant 3 to 4 feet apart. **PRICE:** 75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.

12. HYDRANGEA P. G.

Immense blooms hardy, pinkish white, fine for winter bouquets. Grows 5 to 7 feet tall. Plant 3 to 4 feet apart in rich soil, water very freely. Prune severely each spring. **PRICES:** 75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.

13. BEAUTY BUSH (*Kolkwitzia*)

Really a beauty specimen with gracefully arching branches—during the June bloom the branches droop under the weight of the lovely pink, bell-like flowers. The shrub grows to a height of about 8 feet, and reaches approximately the same spread. Extremely hardy. **PRICES:** 2-yr. Blooming Size, 90c each; 3 for \$2.50. 3-yr. Extra Heavy, \$1.35 each; 3 for \$3.50.

14. SPIREA ANTHONY WATERER

The "Everblooming Spirea", as it sends forth great masses of rosy crimson flowers in July, with scattered flowers throughout the summer up until snow flies if you remove the old blossoms when they fade. Dwarf-like in growth, an elegant shrub for low hedges and foundation planting. **PRICES:** 2-yr. Blooming Size, 75c each; 3 for \$2.00.

July to October

15. CORALBERRY

The most popular red berry shrub. Ideal for steep banks to hold the soil. This medium sized shrub with its gray-green oval leaves is noted for the large clusters of red berries which hang on all winter. These berries follow the delicate pink-white blossoms. **PRICES:** 65c each; 3 for \$1.70.

16. SNOWBERRY

Unequalled for shady places—excellent shrub for dark corners. A beautiful bush covered with snow-white fruit, measuring 1/2 inch or more in diameter, from September to spring. A slender shrub growing to height of 3 feet covered with dainty pink tubular flowers which precede the fruit. **PRICE:** 65c each; 3 for \$1.70.

17. BLUEBEARD (*Caryopteris Incana*)

Few shrubs bloom as late as Bluebeard. One would have to search to find a shrub of such rare beauty. The Bluebeard with its gray aromatic leaves is covered with dense clusters of colorful lavender-blue flowers appearing in September. The shrub may be pruned to the ground each spring as each new shoot will be crowned with bloom during the same season. An ideal shrub for a perennial border. **PRICES:** 75c each; 3 for \$2.00.

18. BUDDLEIA (Butterfly Bush)

Beautiful lilac-like flowers continuous in bloom from July to frost, in three gorgeous colors. Long panicles (15"-18") of fragrant flowers are produced in profusion on compact bushes which attain a height of about 5 feet. These "Summer Lilacs" add to their beauty by attracting Nature's most beautiful insect—the butterfly. For variety in color one of each.

DUBONNET. The reddest Buddleia. Perfect for cutting. **Price:** 80c each; 3 for \$2.00.

PINK CHARMING. Orchid-pink. Blends with any background. **Price:** 80c each; 3 for \$2.00.

HARTWEGI. Bright lavender. Lovely alone or in combination with other cut flowers. **Price:** 80c each; 3 for \$2.00.

SNOWFLAKE New Double Mock Orange (Plant Patent No. 538)

Called a "Mock Orange" yet so very new and distinctive it is really in a class by itself. Its very double snow-white blossoms among the large, leathery, glossy green leaves make it unsurpassed in beauty by all other flowering shrubs.

The unusually symmetrical plants are very rugged, quick growing, not particular as to the soil and will stand the shade better than most flowering shrubs.

Its snow-white blossoms reaching its maximum of bloom in May and June, yet lingering throughout the entire summer, make it very useful for accent planting. The sweet scented blooms will perfume the summer shrubbery border. Order early and have this beautiful shrub reserved for you. **PRICES: \$1.50 each; 3 for \$4.00.**

Forsythia

TREE HYDRANGEA

Few can equal it in magnificence or appearance; it adds stateliness to any landscape. The snowy white flowers changing to a deep pink are borne in large clusters, actually they are enormous individual bouquets. Dry some and have a lovely bouquet all winter. This tree is very hardy, and blooms lavishly from July to September. Plant along the walk or driveway, a pleasing contrast to lower growing plants. **PRICES: \$2.75 each; 2 for \$4.50.**

Tree Hydrangea

Snowflake Mock Orange

FORSYTHIA

Springtime's Golden Queen, countless bright yellow flowers blooming in April before their leaves unfold. It is the earliest of all shrubs to bloom in the spring, and should be included in every border or foundation planting. Very hardy. 5 to 8 feet at maturity. **PRICES: 65c each; 3 for \$1.70.**

BLUE HYDRANGEA

The Queen of the most exclusive flowering shrubs. A mass of extremely delightful, deep blue blossoms measuring from 6 to 10 inches across. All plants shipped with a clump of dirt in which they were grown, and packed in Westhauser's Gro-Kwick, Nitro-Organic Humus (acid peat). Mix this Gro-Kwick half and half with top soil, backfill opening with this mixture to insure a more intensive blue color. All flower lovers adore this magnificent beauty. Order now, supply limited. Mulch before the hard freezes set in. **PRICES: \$1.50 each; 2 for \$2.75; 6 for \$7.25.**

Blue Hydrangea

America's Finest

Hopa Crab

Hopa is undoubtedly the most beautiful Flowering Crab that can be grown in the North successfully. It is an upright tree entirely covered with beautiful rose-crimson flowers which last a long time, followed by fruit that has a bright red flesh which makes it doubly desirable for preserves as well as an ornament; fruit lingers on until fall. Tree is very hardy and disease free. Outstanding sensation for single or group planting. **PRICES:** 4-5 ft., \$1.75 each; 3 for \$4.75; 6 for \$8.00. 5-7 ft., \$2.25 each; 3 for \$6.00; 6 for \$11.00.

Sweet Shrub

(*Calycanthus Floridus*)

A very hardy shrub which does well in partial shade, noted for its spicy, pungent flowers of reddish brown which bloom from June to July. **PRICE:** \$1.50 each; 2 for \$2.75.

Hopa Crab

WEIGELA ROSEA. Sprays of large pink flowers in May. Leaves beautifully variegated green and white. Grows 3 to 4 feet high. **PRICES:** 80c each; 2 for \$1.50.

FLOWERING ALMOND. Multitudes of tiny rose-shaped flowers are in full bloom before the leaves appear—growth is dwarf, compact with slender branches. **PRICES:** 80c each; 2 for \$1.50.

3 Color ALTHEA

Althea

Triple Beauty on One Bush

A tall shrub of upright growth, rounded form. Valued for its late flowering season. These "Rose of Sharon" have been grafted to produce an outstanding and pleasing effect with our most popular colors. Red, White, Blue. **PRICES:** \$2.00 each; 2 for \$3.50; 6 for \$9.50.

DOGWOOD

One of the most beautiful of small trees. Handsome in early spring with its four blunt ended bracts surrounding the dense heads of small flowers, borne in such abundant profusion. Then again in fall with its showy scarlet berries produced in small clusters. Gorgeous leaf coloring—deep green in spring and summer, glorious scarlet-red in autumn. The spreading branches grow horizontally and slightly upward. Does well in partial shade or full sun. Two hardy varieties: **Cornus Florida**, white flowering; and **Cornus Rubra**, pink or red flowering. Plant one or more of each for a spectacular display of color. **PRICES:** Red, 2-3 ft., \$2.50 each; 2 for \$4.75. White, 2-3 ft., \$2.00 each; 2 for \$3.75.

Dogwood

for Outdoor Beauty

REDBUD

This lovely American tree is most welcomed in the early spring, clothed entirely by blossoms in April, borne in clusters on the old stem as well as younger growth. These rosy purple flowers are followed by leaves which are broadly ovate—three to five inches across, deeply heart-shaped and abruptly pointed. Sometimes called Judas Tree for legend tells us when Christ was betrayed by Judas this tree seemed to drip all over with drops of blood. Grows to a height of 20 feet with broad, round head. Very hardy. **PRICES:** 3-4 ft., \$1.60 each; 2 for \$3.00.

TREE WISTERIA

No more lovely sight than a tree Wisteria in bloom—purplish blue flowers by the hundreds completely cover the tree during May. These trees are sheer beauty and live for generations, increasing in beauty and dignity each successive season. A “must” for all formal gardens. Plants are hardy, grafted, sure to bloom, branched, 30 to 36 in., balled in peat. **PRICES:** \$3.50 each; 2 for \$6.00.

A Beautiful Planting Adds Value and Pleasure

FLOWERING PEACH

Perfect Beauties! Earliest to Bloom! Low-Growing!

Masses of double, Roselike flowers appear along the numerous, wide spreading branches. Looks like a huge bouquet. Leaves glossy green. Attains height of 15 to 18 feet. There is a space on every lawn for these spectacular beauties. Three delightful colors to choose from or perhaps you will want one of each. **Pink Charming**, Pink. **Cardinal**, Rich crimson-red. **Iceberg**, Pure snowy white. **PRICE:** 4-5 ft., \$1.35 each; 3 for \$3.75; 6 for \$6.25.

3 *Delightful Colors*

Beautiful

FRENCH HYBRID TREE LILAC!

Beautiful Hybrid French Lilacs rival other shrubs for popularity! Color! Fragrance! No other plant offers so much for so little. Hardy everywhere. Hybrid French Lilacs are leading the Lilac parade. Blooms early, often the first year. Mammoth panicles measure from 7 to 12 inches. Billowy masses of gorgeous clusters fill the air with perfumed loveliness. Budded on hardwood, non-suckering roots. Three exquisite colors: **Chas. X.** Large double flowers of wine-red, fine for cutting. **Marie Legraye**, Snowy white. **Ludwig Spaeth**, Rich crimson-purple. **PRICE:** 18-24 in., \$1.25 each; 3 for \$3.25.

TO COMPLETE HOME BEAUTY,

LOMBARDY POPLAR

Tall, slender tree with bright green leaves with a silvery appearance on the under side. Fast growing, excellent for windbreak, or for blocking out unsightly scenes. **PRICES:** 3-4 ft., 5 for \$3.25; 10 for \$5.25. 6-8 ft., 95c each; 10 for \$9.00.

CHINESE ELM

Very hardy and a splendid tree for the drier locations, a rapid grower; well rounded head; grows to a tall, spreading tree. Suitable to any soil. Our healthy, hardy, heavy-rooted trees are in a class by themselves. **PRICES:** 4-6 ft., \$1.60 each; 2 for \$3.00. 6-8 ft., \$2.00 each; 2 for \$3.65.

SILVER MAPLE

Rapid growing tree, producing a quick shade suitable for street or park. The leaves are irregularly indented, bright green above and silver beneath. **PRICES:** 5-6 ft., \$1.60 each; 2 for \$3.00. 6-8 ft., \$2.25 each; 2 for \$4.00. 8-10 ft., \$3.95 each; 2 for \$7.50.

WHITE BIRCH, EUROPEAN

No tree has more individual and distinctive charm than this tall stately White Birch, with its gleaming white trunk and its delicate pendulous branches. The tree grows to a height of 20 to 30 feet, is thrifty, vigorous and upright. It is one of the few shade trees under which grass will make good growth. Complete your lawn with one of these outstanding trees so dear to all. **PRICES:** 4-5 ft., \$1.75 each; 3 for \$4.95; 6 for \$8.00. 5-6 ft., \$2.50 each; 3 for \$4.90.

WHITE BIRCH, CLUMP

One of the most beautiful novelties in shade trees. On matured trees the bark is white and leaves are of a fine green. This rare picturesque clump combination will win the admiration of your friends and neighbors. Heavy rooted, 3-4 ft., \$1.75 each; 2 for \$3.50. 5-6 ft., \$2.25 each; 2 for \$4.50.

GLOBE ARBOR-VITAE (Evergreen)

Low growing, naturally globe-shaped. Fine on each side of steps or a front entrance. With very little shearing will remain perfectly round. **PRICES:** 15-18 in., \$2.75 each; 2 for \$5.00.

COLORADO BLUE SPRUCE

Its steel-blue, glistening foliage makes it desirable for lawn or group planting. Nice husky trees; will make a rapid growth. They have a wonderful root system, twice transplanted. 9-12 in. 75c; 3 for \$2.00; 6 for \$3.80.

JUNIPER EXCELSA STRICTA (Spiny Greek)

For a semi-dwarf pyramidal evergreen, Juniper Stricta cannot be surpassed. Foliage is silvery blue, very compact and Cedarlike. Reaches about 4 feet at maturity. Excellent to use where height is a factor. **PRICES:** 12-15 in., \$1.75 each; 2 for \$3.00.

PFITZER JUNIPER

Low horizontal growing evergreen with bluish tint, foliage of a fine texture. Very graceful and particularly useful for foundation plantings, in rock gardens, and in front of taller evergreens. **PRICES:** 18-24 in., \$4.25; 2 for \$8.00.

HICKSI YEW (Taxus Media Hicksi)

The numerous branches ascend almost vertically; color is rich, dark glossy green, and the habit of growth is very narrow and columnar; very hardy, at full maturity will attain height of about 15 feet. **PRICES:** 15-18 in., \$3.50 each; 3 for \$11.50. 18-24 in., \$5.00 each; 3 for \$13.00.

SPREADING YEW (Taxus Cuspidata)

Foliage is deep green. May be kept sheared for a low hedge, allowed to grow its graceful wand-like branches for informal corner plantings, or trimmed into compact shape for formal effect. **PRICES:** 10-12 in., \$1.75 each; 3 for \$4.75. 15-18 in., \$3.50 each; 3 for \$9.00. 18-24 in., \$5.50 each; 3 for \$15.00.

NORWAY SPRUCE

Its tall, drooping, dark, somber green color makes this evergreen a true ornamental planting. Thoroughly hardy, robust and thrifty both on damp and higher dry soil. Excellent windbreak. **PRICES:** 8-12 in., 65c each; 2 for \$1.20; 10 for \$5.50. 15-18 in., \$1.00 each; 2 for \$1.75; 10 for \$8.00.

IRISH JUNIPER

Very symmetrical in outline. Fine green foliage. Usually grows not more than 8 to 10 feet in height with a very narrow diameter. Ideal for corner, doorway and foundation plantings. **PRICES:** 18-24 in., \$1.25 each; 2 for \$2.25; 4 for \$4.00.

CANNART RED CEDAR

A leading favorite variety which forms a pyramid, compact, dark green. It has an abundance of bluish berries and is of rapid growth. One of the best for corner plantings. **PRICES:** 15-18 in., \$2.50 each; 2 for \$4.50. 24-30 in., \$3.50 each; 2 for \$6.50.

RED LEAF PEACH — A SENSUOUS BEAUTY

An outstanding productive ornamental among your plantings. Gorgeous as a single specimen. The Red Leaf Peach is covered with bright red foliage turning deep maroon toward fall. What a delightful contrast the deep rose blossoms produce amongst this foliage. This truly different Peach tree produces a full crop of delicious Peaches about an inch and one-half in diameter. The fruit is an all over red color, with white flesh, has a delicious sweet flavor. The fruit ripens about the same time as a Gold Drop (late) and is especially outstanding for canning whole or pickling. SEE the beauty of the foliage, SMELL the fragrance of the blossoms, TASTE the flavor of the fruit, HEAR the comments from neighbors and friends, as all who see the Red Leaf Peach acclaim its outstanding characteristics. PRICES: 3-4 ft., \$1.45 each; 2 for \$2.80. 4-5 ft., \$1.65 each; 2 for \$3.00.

New Silver-Blue Pfizer

(U. S. Plant Patent No. 422)

Most Striking Evergreen Ever Introduced

A new Pfizer with a silvery blue color that is as intense and even as the Koster Blue Spruce. Has all the fine qualities of the well known green Pfizer. Grows a little more compact. Foliage is slightly finer. Entirely hardy anywhere. It's beautiful. Get yours now. PRICES: 9-12 in., \$1.60 each; 2 for \$2.95.

Silver Red Cedar

(Juniperus virginiana glauca)

Silvery blue color. Thrives everywhere; will grow to 20 feet or more, but can easily be kept to smaller size by trimming frequently. Has great landscape value as it is readily adapted to foundation plantings. Makes a beautiful hedge. PRICES: 15-18 in., \$2.75 each; 2 for \$5.00. 24-30 in., \$3.75 each; 2 for \$7.00.

HEDGES *Provide a Living Fence*

Red Barberry

AMUR RIVER PRIVET

The Hardest Privet Hedge

Beautiful, upright growth, makes a compact hedge, hold foliage until late fall. Makes a beautiful trimmed hedge. **PRICES:** 15-18 in., 6 for \$1.50; 12 for \$2.25; 25 for \$4.25; 50 for \$7.50. 18-24 in., 6 for \$1.80; 12 for \$3.25; 25 for \$5.25; 50 for \$8.75; 100 for \$14.50. 2-3 ft., 6 for \$2.00; 12 for \$3.75.

Amur River Privet

RED BARBERRY

No other shrub can compare with the striking brilliance of our double red strain of Barberry. Its abundance of thick, purplish red leaves glisten in the sun, contrasting luxuriously with the green and yellow of other plants. Bushes have low growing habit. Can be pruned any time in summer to desired height and width. Lovely for borders, hedges, foundations, groups and lawn specimens. Red berries in winter. Heavy, 3-year landscape size, show up now. **PRICES:** 10-12 in., 40c each; 12-15 in., 50c each; 15-18 in., 60c each; 2-3 ft., 90c each.

Blue-Leaf Willow

DWARF BLUE-LEAF ARCTIC HEDGING (*Salix Purpurea Nana*)

Charming low growing plant that is hardy everywhere, ideal for low border or edging. Very dwarf and bushy, with thick, fine foliage of lovely gray-blue-green. Just the plant for low edgings around beds or along walks. Plant 8 inches apart, can be clipped or left natural. Single specimens are beautiful in the rock garden. Extremely hardy, thrives on most any type soil. **PRICES:** 2-3 ft., 70c each; 10 for \$6.50. Landscape size.

SPIREA (Froebeli)

Early blooming hybrid Spirea of Bumalda species. Superior qualities as the new growth covers the old seed heads of the first crop of flowers. The branchlets are dark brown even when young, are of low, upright growth. This ideal shrub for foundation planting has ovate-oblong leaves with crimson-red flowers. **PRICES:** 70c each; 3 for \$1.90; 10 for \$4.75.

Spirea

VINES - *to Screen and Glorify Your Yard*

Clematis

SILVERLACE

America's No. 1 vine for covering pergolas, archways, arbors, lattice, fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season, and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose suggesting old lace. **PRICES:** 75c each; 3 for \$2.00.

CLEMATIS (Hybrid)

The richly colored, delightfully fragrant flowers with their pleasing foliage make Clematis a favorite for adorning pergolas, trellises and fences. Its decorative possibilities are unlimited. Use it to cover sunny porches or to enliven that old tree stump. Blooms profusely early summer to late autumn. Ideal cut flowers. 1. **Jackmani**, giant purple. 2. **Henryi**, lustrous white. 3. **Andre**, soft velvety red. Why not get some of each? 2-yr., No. 1, field-grown, blooming size, \$1.25 each; 3 for \$3.45.

BITTERSWEET

Lustrous green foliage throughout the summer, turning bright yellow in fall. The berries are a bright orange and very showy, stay on into the winter. Much used for autumn and winter bouquets, being permanent. Two plants needed for cross pollination. **PRICES:** \$1.00 each; 3 for \$2.75.

Wisteria

Home Planting Pays Happiness Dividends

New WASHINGTON HAWTHORN

Unique 4-Season Shrub

Spring. Dense clusters of creamy white flowers in June.

Summer. Deciduous, narrow, glossy green foliage.

Fall. Foliage turns to rich orange and red hues.

Winter. The charm of this shapely shrub lies in its brilliant red berries lasting through the winter. Just picture the splendor of this lovely bush heavily loaded with brilliant bright red berries against a background of newly fallen snow and an azure-blue sky. A real feeding spot for birds such as Cardinals, Cedar Wax Wings and many others who love the juicy red berries. Very hardy; attains height of 15 to 25 feet, easy to transplant, disease resistant; good root system. **PRICES:** 6-8 ft., \$3.00 each; 2 for \$5.50. 8-10 ft., \$4.50 each; 2 for \$8.50.

HAHN'S ENGLISH IVY

Native of Europe, these self-branching vines are extremely pretty for the home porch box or hanging basket. Rapid growing plants, easily cared for, not a bit fussy about the soil. Very decorative in the home. **PRICES:** 65c each; 3 for \$1.50; 6 for \$2.75.

AMERICAN HOLLY (Ilex Opaca)

The Holly Tree now acclimated to northern climate. Beautiful evergreen tree with broad, Oaklike, shiny leaves—what a contrast as red berries appear in the fall remaining on the branches nearly all winter. Tree is a moderate grower with year-round beauty. **PRICES:** 65c each; 3 for \$1.50; 6 for \$2.75.

Lily-of-the-Valley

LILY-OF-THE-VALLEY

A mass of deep green foliage, through which sprays of snowy white, miniature, bell-shaped flowers appear in early spring. Its petaled lips and perfumed breath speak in beauty and fragrance sentiments too tender for words. Lovely for small vase arrangements; much used for corsages. These dainty flowers thrive in areas too shaded for grass. A grouped bunch of 10 to 15 pips will bloom this year. **PRICES:** 1 clump (10 pips), \$1.00; 3 for \$2.75; 6 for \$5.00, prepaid. Net, no discount.

WISTERIA VINES

The Place of Vines
in Garden Design

No other class of plant can duplicate the garden function of Wisterias. Unexcelled for clothing a large home or buildings as Wisteria is a strong grower; dense in foliage. A truly beautiful screen; long pendulous clusters of pale blue flowers appear in May-June. At picturesque best when allowed to grow at nature's will. **PRICES:** \$1.00 each; 2 for \$1.95.

PACHYSANDRA (Japanese Spurge)

Low, dense growing. One of the most useful evergreen ground cover plants. Easy to grow. Ideal for terrace banks, or any place where it is difficult to grow grass. Terminal spikes of white flowers that open early in spring are attractive to bees. Fruit (not often seen) is a soft white berry. **PRICES:** 2-yr., large, 45c each; 5 for \$2.00; 10 for \$3.50.

SEDUM Stonecrop

A ground covering for dry infertile soil. Fill crevices and rock strewn areas. Succeeds in almost any position—on made rock walls or ruins, in mixed borders. Dark green creeping compact mats. Handsome flat heads of white to pink flowers in midsummer. **PRICES:** 25c each; 3 for 65c; 6 for \$1.15; 12 for \$2.00.

Sedum

CREeping MYRTLE (Vinca Minor)

Shining evergreen leaves and attractive violet-blue flowers in spring. Very hardy. An ideal ground cover, especially for shady places. **PRICES:** 25c each; 5 for \$1.00; 10 for \$1.70.

Creeping Myrtle

The Williams' of Chesterton,
Indiana, Write:

"Received the order on April 19th and everything was in excellent condition. One of the Cherry trees was blooming about five days after we planted it and the other tree bloomed shortly afterwards. Everything we put out that came is just doing swell. Thanking you so much for such fine shipment of everything."

FOR SALE *Beauty* for Your Home

EUROPEAN MOUNTAIN ASH

(Sorbus Aucuparia)

Another invigorating beauty for your lawn. From July until winter, clusters of red berries glisten among the green leaves of this hardy, medium sized tree. The tree grows to a height of 25 to 30 feet; is dense and regular. Not only does it attract the birds and the bees but folks passing by will stop to admire it. **PRICES** 5-6 ft., \$2.25 each; 6-8 ft., \$2.95; 8-10 ft., \$4.75. (Heavy caliber).
